

Come to the Road

Kenn Long

G Em
Come to the road, join the flight of man,
A D
Come to the road, leave the night of man
Em C Am G /
Far behind you – your life will find you On the road.

G Em
I hear a voice, a silent voice, calling out to me,
C D
I hear a voice, a silent voice, saying “Be Free!”
Em C Am Em D
It calls me in the night, it whispers in the daylight, Calling to me.

I hear a voice, a silent voice, calling me again.
I hear the Voice, I have no choice but to listen.
It haunts me in the night and does not stop at dawn, Calling me on.

Amaj7 A7
It is the voice of my discontentment,
C Em
And it sings its songs inside my mind.
Amaj7 A7
And that small voice demands an answer –
C D G /
It urges me to go to the road.

G Em
Come to the road, join the flight of man,
A D
Come to the road, leave the night of man
Em C Am G /
Far behind you – your life will find you On the road.
